MESSAGE from the PRESIDENT

Welcome to the 17th Annual Hand Review Course and Annual Scientific Meeting of the Singapore Society for Hand Surgery. The theme for this year's Review Course is "Reconstructive Microsurgery".

The course is aimed at surgical trainees especially those interested in Hand Surgery, Orthopaedic Surgery and Plastic Surgery. The course is also relevant to hand therapists.

This course will be especially exciting as we have invited world renowned microsurgeon Professor Tu Yuan-Kun to be part of the teaching faculty. He will share his expertise in a series of lectures as well as a live interactive surgery session.

We have put together an exciting and educational programme covering all aspects of hand, wrist and microsurgery, and invite you to share in the vast knowledge and experience of Professor Tu and Singapore's leading proponents in these disciplines.

Finally, we invite you to share YOUR knowledge and experience through discussion and the Free Paper presentations.

A/Prof Aymeric Lim
President
Singapore Society for Hand Surgery

Friday 1st February 2008
Hand Review Course:
Reconstructive Microsurgery

Keynote Lecture:
Highs and Lows of Microsurgery

Session 1: Bone & Joint

Functional anatomy
Fracture fixation
Degenerative arthritis in the hand

Session 2: Wrist

Functional anatomy
Acute wrist injuries
SLAC/SNAC

Session 3: Congenital Hand

Etiology of congenital hand disorders
Reconstructive options in congenital hand anomalies
Long term results of congenital hand conditions

Session 4: Nerve

Reconstruction for brachial plexus injury, using contra-lateral C7 method
Pathophysiology of nerve injuries
Compressive nerve disorders
Traumatic nerve injury

Session 5: Tendon

Biology of tendon healing
Flexor tendon injuries
Extensor tendon injuries

Session 6: Common Hand Conditions

Hand infections
Trigger finger and deQuervain's tenosynovitis
Fingertip injuries

Saturday 2nd February 2008
Annual Scientific Meeting

Live Interactive Surgery
(free toe transfer & vascularised scaphoid bone grafting*)

Free Papers

We invite you to submit abstracts for free papers on any aspect of Hand and Wrist Surgery. A prize will be given to the three best papers presented.

- Abstract should not be more than 300 words
- Use CAPITAL LETTERS for the title
- List name of Authors. Underline the presenting author
- Include the name of your department and institution

Deadline for Submission of free paper abstracts is **December 31, 2007 by e-mail to awyonglc@nuh.com.sg**.

Hand Society Banquet

Hand Society Lecture:
"Wisdom in Microsurgery"
