on

Endoscopic and Microscopic Sinus Surgery

September 02-04, 2007

Department of Otolaryngology,
Head and Neck Surgery
University of Marburg
Germany

Supported by

www.ohnsi.org

Program_____

Dear colleagues,

I am very happy to invite you to Marburg to attend our meanwhile 8th International Training Course on Endoscopic and Microscopic Sinus Surgery. The structure of the course provides you with the theoretical background in the sense of lectures. Technical skills are trained in the context of hands-on exercises. With this course you have an extremely beneficial ratio of coaches and trainees. Further, you will have the possibility to watch a series of moderated live surgeries.

In the context of the above-mentioned parts of the course we will do everything possible to teach you the whole spectrum of functional endoscopic sinus surgery.

The faculty consists of numerous internationally reputed functional endoscopic sinus surgeons who will provide various aspects of the subject.

We will do everything possible to make this course in this unique university city an unforgettable event for your. Looking forward to meeting you.

Sincerely,

Jochen A. Werner
