THE WORLD IS BEAUTIFUL > TO LOOK AT

SSO-NOVARTIS RETINA FORUM

Supported by:

Chapter of Ophthalmologists, College of Surgeons, Singapore

21st September 2007, Friday

The Regent Hotel, Singapore

Singapore Society of Ophthalmology

Chapter of Ophthalmologists
College of Surgeons, Singapore

Dear Colleagues

I am pleased to invite you for the 2nd SSO-NOVARTIS RETINA FORUM. The first forum was held successfully in January 2007. The feedback of the program has encouraged us to organize the second forum.

This Forum is jointly organised by 'Singapore Society of Ophthalmology' and 'Chapter of Ophthalmologists, College of Surgeons, Singapore'. Novartis (Singapore) Pte Ltd has generously provided financial and logistics support for the event.

Like the first forum, the objective of this Forum is to provide a platform for discussion of interesting and challenging clinical cases involving the macular and retina. It will also allow an interactive exchange of views and opinions about current strategies in diagnosis and treatment of a broad spectrum of retinal diseases ranging from exudative macular degeneration and polypoidal choroidal vasculopathy to complex diabetic retinopathy and central serous chorioretinopathy.

It is our hope that the interest and awareness in the retina will continue to grow within the SSO and Chapter of Ophthalmologists. This twice-yearly Forum can also be the platform for a Retina Interest Group (SIG) in Singapore. I hope you will find it stimulating and useful for your clinical practice.

I look forward to having you join us at the Forum.

Thank You!

Adrian Koh

Chairman

SSO-NOVARTIS Retina Forum

SSO-NOVARTIS RETINA FORUM

Supported by: Chapter of Ophthalmologists, College of Surgeons, Singapore

Nassim Room (Level 3), The Regent Hotel

21st September 2007, Friday
