MEDICINE REVIEW COURSE 2013 3rd ANNOUNCEMENT

It is with great pleasure that we invite you to attend the **MEDICINE REVIEW COURSE 2013** which is organised by the College of Physicians, Singapore. This year's course will be held on **14-15 September 2013** at the Khoo Teck Puat Hospital, Tower B Auditorium.

The Organizing Committee, with the specialty Program Directors from the various Chapters of the CPS, will be putting together an exciting programme comprising lectures, updates, practical clinical approaches and interactive sessions in the various specialties of Internal Medicine, to be delivered by faculty who are Fellows of the College. The programme would cover a wide spectrum of common and important topics in Internal Medicine with the main focus on latest developments in each field and evidence-based approaches to assist us in our daily clinical practice.

The Medicine Review Course would be useful for *medical trainees and specialists* who wish to keep themselves abreast of important developments in fields other than their own, as well as *general practitioners and other doctors* who wish to maintain holistic care, keep in touch with the rapid developments in modern medicine and at the same time refresh themselves of things previously learnt but forgotten. Trainees in particular would find this Course useful in their learning and preparations for examinations.

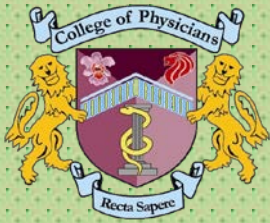

We look forward to your participation at this Course.

Should you have any questions, do contact the Course Secretariats, Sharifah Sham at 6593-7806, Ruth Tan at 6593-7872, or email: cps.mrc@ams.edu.sg

Thank you.

A/Prof Alan Ng
President
College of Physicians Singapore

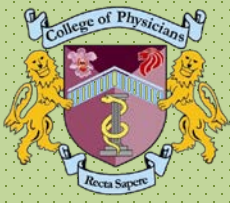

Dr David Lye
Chairperson
Medicine Review Course 2013

College of Physicians, Singapore: Medicine Review Course 2013
