'Emerging Trends in Clinical Dentistry'

Saturday 16th August 2014 | Amara Singapore Hotel
8.30am- 6.30pm | CDE: 8 points

MESSAGE FROM THE PRESIDENT, COLLEGE OF DENTAL SURGEONS, SINGAPORE

Dear friends and colleagues,

On behalf of the Council of College of Dental Surgeons, Singapore, I would like to extend a warm invitation to you to participate in our Annual Scientific Meeting 2014, which will be held on 16th August 2014, Saturday, at the Amara Singapore Hotel.

We have invited Professor Choi Jin-Young from the Department of Oral and Maxillofacial Surgery, Faculty of Dentistry, Seoul National University as our Guest Speaker and he will shed more light on the ever growing and controversial topic of Dental Facial Aesthetics.

Joining him will be our own esteemed college Fellows, who will share their clinical expertise and update us on the emerging trends in clinical dentistry, including new treatment concepts and the expanding applications of 3D technology in dentistry.

As August approaches and as we firm up the programme, we will be making more announcements to keep all of you in the loop, but for now please block out 16th August, Saturday on your diaries, iCal or Google Cal.

We look forward to your support and participation.

Best Wishes,

Dr Benjamin Long
President
