Speaker's Details:

John A. Fayyad, Child and Adolescent Psychiatrist

John A. Fayyad received his MD in 1985 and the American Board of Psychiatry and Neurology in 1988 (in General Psychiatry) and 1990 (in Child and Adolescent Psychiatry). Dr. Fayyad is Associate Professor of Clinical Psychiatry at the University of Balamand, Faculty of Medicine and Medical Sciences, and the Chairman of the Department of Psychiatry and Clinical Psychology at St. George Hospital University Medical Center, Beirut, Lebanon. He is also a researcher and vice-president of IDRAAC (Institute for Development Research, Advocacy and Applied Care), an NGO specialized in Mental Health in Beirut.

Dr. Fayyad is active in promoting Child and Adolescent Psychiatry regionally and internationally. He is the Secretary General of the Eastern Mediterranean Association of Child and Adolescent Psychiatry and Allied Professions (EMACAPAP) and was a Vice President of the International Association for Child and Adolescent Psychiatry and Allied Professions (IACAPAP).

Dr. Fayyad's research interests include the epidemiology of ADHD and other child and adolescent disorders, the effects of war and trauma on children, pathways to resilience, and dissemination of community interventions. He has published on these topics in international scientific journals and has authored several book chapters. He is on the editorial board of several international scientific journals.
