

28 June 2017

Dear Sir/ Madam,

A Unique Opportunity for Consideration
THE ROBERT LOH PROFESSORSHIP
IN CLINICAL INNOVATION IN OPHTHALMOLOGY

Thank you for providing us with the opportunity to pay tribute to one of Singapore's founding fathers in Ophthalmology and Medicine.

Vision loss and major eye diseases have a profound impact on quality of life of a patient, and leads to loss of independence. Singapore has a rapidly ageing population, and the continued rise in age-related eye-related diseases such as glaucoma and age-related macular degeneration (AMD) have increased the risk of vision loss in elderly people in Singapore.

Our hope is that everyone can receive effective and affordable eye care and no-one is denied sight-saving interventions. We would like to build on this effort honouring the pioneering work and contribution of the late Dr Robert Loh, for whom, ophthalmology was his passion and his career-long discipline.

To honor his legacy, we are establishing the Robert Loh Professorship in Clinical Innovation in Ophthalmology. We are extremely honoured by and grateful for a generous donation towards this Professorship. Further details can be found in Annex A, which is appended for your kind reference.

PATIENTS. AT THE HEART OF ALL WE DO.®

SingHealth Duke-NUS Academic Medical Centre

Singapore General Hospital • KK Women's and Children's Hospital • Sengkang Health
National Cancer Centre Singapore • National Dental Centre Singapore • National Heart Centre Singapore
National Neuroscience Institute • Singapore National Eye Centre • SingHealth Polyclinics • Bright Vision Hospital

Organization Accredited
by Joint Commission International

**SNEC Branches and
Affiliated Clinics**
