CREDIT CARD AUTHORISATION & REGISTRATION FORM
(FOR PAYMENT VIA CREDIT CARD ONLY)

Please fax registration form to (65) 65937880 or email to bened_thong@ams.edu.sg

Registrant's Details

Name (as in SMC registration): _____ MCR No: _____

Designation: _____ Department: _____ Hospital: _____

Resident Year (pls circle): 1 / 2 / 3 / 4 / 5 / 6 / NA Contact No. (Mobile) _____

Email: _____

This is to certify that I, _____ (Credit cardholder's name), cardholder of

Card Type	Visa <input type="checkbox"/>	Master <input type="checkbox"/>	Non-Refundable Course Registration Fees: SGD 50 AMS* Members SGD 250 Non-AMS* Members *Academy of Medicine, Singapore																
Card Number																			
Security / CVV Code *								Expiry Date (MM/YY)											

*** Security Code**

The card security code is a unique three or four-digit number printed on your debit/credit card. The number is not embossed on the card so that it cannot be printed on receipts - making it difficult for anyone other than the genuine cardholder to know it. Some cards, many UK-issued cards for example, have a three-digit number printed at the top of the signature strip on the reverse of the card.

Cardholder's Mailing Address

This should be the address to which your card statement is sent. It must match the address held by your card issuer exactly. If it does not, the retailer may decline your purchase, or defer acceptance of your payment and seek further proof of your address.

hereby authorize "**College of Surgeons, Singapore**" to charge a total amount of _____ to the above credit card for payment of registration for the Saw Bone Workshop. Registration fees are non-refundable.

I understand and consent to the use of my credit card without my signature on the charge slip that my signature on this form will serve as the authorised signature.

Thank you.

Yours Sincerely,

(Cardholder's signature)

(Date)

Chapter of Hand Surgeons College of Surgeons, Singapore

2nd Saw Bone Workshop (Hand, Scaphoid and Distal Radius Fracture Fixation)

Date
19 August 2017

Venue
DePuy Synthes Training Room
2 Science Park Drive Level 7- Ascent
Singapore 118222

The workshop is limited to 20 participants on a first-come-first-serve basis. Preference will be given to local hand surgery residents and fellows, followed by residents in orthopedic surgery and plastic surgery.

The workshops cater primarily to hand surgery residents and fellows in Singapore. They are also open to residents from other allied specialties like orthopedic surgery and plastic surgery on a first-come-first serve basis.

This half day saw-bone workshop will allow residents to practice AO principles of bone fixation in saw bone models of metacarpal, distal radius and scaphoid. It will introduce them to lag screw fixation, the use of adaptation plate and locking compression plates. They will also get an opportunity to use the headless compression screw.

We are grateful for the support provided by Johnson & Johnson (J&J) and its affiliates DePuy and Synthes, Singapore that have made both these workshops possible.
