# A TRIBUTE TO SIR GORDON ARTHUR RANSOME

## SIR GORDON ARTHUR RANSOME

*FOUNDING MASTER,*

*Academy of Medicine, Singapore*

**Professor Gordon Arthur Ransome** (1910 – 1978) was the founding Master of the Academy of Medicine, Singapore. A legendary pioneer in medicine in Singapore, he practiced at the Singapore General Hospital for 33 years and mentored most of the senior physicians and surgeons of today.

As Professor of Medicine in the then University of Singapore, he laid the foundations of post-graduate medical training in the country. He spent the best parts of his life in Singapore dedicated to patients and to the teaching of undergraduates and postgraduate doctors.

In July 1957, he inaugurated a meeting of medical specialists in his own house with a view to the formation of an academic body. His devotion to students of medicine and to patients aside, Professor Ransome also distinguished himself in public duties. His contributions to society at large and to communities beyond our own shores earned him numerous honours. He practiced medicine as close to the Hippocratic Oath as any doctor could hope to do.
